I am in P-town with my dad and My dog Julie. We are in quarantine from the CoronaVirus (covid19). I have fun singing in the house. I think we should name the house IANS CLUB. I don't know why I want it to be named that but I think it will be funny. I hope that some friends can come over. Julie is having a lot of fun running on the beach chasing her squeaky ball. Julie loves relaxing on the beds all day long. Peter is coming up every friday now and leaving every monday. I feel like there is a lot of work and my dad and I are getting into a lot of fights over homework and stupid stuff. I hate this so much I wish it would just end. I miss seeing my friends from my old school and this school too. I enjoy playing basketball.
